

Continue activities following the story – Hannan the Gardener

By: **Rinat Hoffer**

Illustrations: **Rinat Hoffer**

הוצאה: כנרת

Age Group: **Preschool (3-5)**

שיחה

Where is the Heart?

You may want to look at the illustrations in the book together. What grows on each tree? Has your child noticed that the story begins with a small heart on Hannan's pocket, and ends in five heart-shaped trees? Leaf through the pages and try to find the bird on each page.

קריאה

A Bell and Song

You may enjoy reading the story several times. Your child may want to join in for the refrain: "דין דין דון בפעמון". Once you have read the story through several times, your child may be familiar enough with the story to tell it using the illustrations.

משחק

The Five Sense Game

Perhaps you would like to play a fruit guessing game together. Cover your child's eyes with a kerchief, and hand them some fruit. Can they recognize it? You may want to guide them to use their sense of touch and smell. They can also bite the fruit, and try to identify it through their sense of taste.

העשרה

One Book Leads to Another

Do you know any other books written and illustrated by Rinat Hoffer (such as Ayelet Metayelet and Purple Monster)? You may want to look for them at home or the library, and read them together.

לצאת החוצה

The Trees around Us

Perhaps you would like to take a walk together, and look for trees growing in the area: are they bearing fruit like the trees planted by Hannan the Gardener?

השראה

A Surprise in the Avocado

Would you also like to grow a treasure? You may want to take an avocado pit, stich four toothpicks through it and place it in a jar, with the sharp point pointing upwards, and the wider section dipped in water. You could follow it as it sprouts: is your avocado pit growing into a tree?

משחק

Where's the Treasure?

You may enjoy going on a treasure hunt. You could prepare notes with clues, and lead your child closer to the hidden treasure with each note.

בשול

Fruit Salad

How about making fruit salad? You may want to take a tangerine, orange, apples, dates, and other fruit, and make a healthy, yummy fruit salad together.
